Really like this idea

Nice flavour

Good flavour

Really nice flavour but expensive

Very nice tasty product Only little moan it's a bit expensive for beans and a bit of cheese

Strength of cheese is excellent but doubt I could eat a plate full before it became sickly

Tasty! But I think I'd just rather add my own cheese really. Cool idea though. And a good option for on the go I suppose.

Personally I'd rather make the cheesy bean ups separately. Very expensive for what it is. Fun to try but wouldn't buy.

Ok, quite nice with the cheese added

Not great too much cheese flavour but not in a good way

Has an artificial cheese flavour

Very cheesy quite expensive

Rather a poor product not what I was expecting from the brand. Quite tasty and quite insipid

Horrible, tastes like plastic cheese not for me

I do not like the cheesy flavour, it should them
